Additional Comments, Notes, or Conditions:

“I” grades should be assigned only after the instructor and the student have explicitly arranged, before the final exam for the course, to have the student complete exams or other required course work after the semester is over. The “I” arrangement should be used only when the student is doing passing work (“D” or better) in the course at the time of the arrangement.

**The deadline for making an “I” arrangement may be extended, at the instructor’s discretion, only if there is a valid, documented reason why it was not possible for the student to meet the initial deadline. An “I” arrangement must still be completed as soon as possible after the deadline. Poor performance on the final exam is not, in itself, a valid reason for an “I” arrangement.

The “I” arrangement should stipulate all conditions for completing the course and earning a letter grade, including specific expiration date for the arrangement and designation of the grade to be assigned if all the work is not completed by that expiration date.

Students should not sit in on the course unless registered.
